

GET TO KNOW GIVENHANSKO

For more than forty years, GivenHansco has been building solid relationships with clients in the concrete, aggregate, and asphalt industries. We strive to make the customer our first priority and deliver reliable products that make business easier and more profitable for our customers. Our customers know that we are the most customer-focused software provider for the concrete industry and over 98% of our customers would recommend GivenHansco to others.

When you get to know GivenHansco, your company will benefit from our years of industry experience, innovation, technical expertise, and customer service that is unmatched by our competitors. We understand that building long term-term relationships with customers is essential to their success and ours.

Add something to introduce Keystone here to lead into the next section:

KEYSTONE THE INTEGRATED ADVANTAGE

ACCOUNTING

Full-financial accounting suite for ready-mix, aggregate and asphalt

BATCH

Ready Mix Batch Controls
Asphalt Silo Load Out

DISPATCH

Ready Mix Dispatch
Aggregate Dispatch

ONLINE

Web-based
ready-mix logistics

GPS

Full Service Navigation
and Tracking

A short introduction to how Keystone came to be and how it can help a business as individual modules, or as part of the integrated suite. Just a few sentences and no longer than a short paragraph. The rest of the information will be on the flyers, and so it would be unnecessary to try and sell the whole package here. This next sentence is filler to show how much space there is to work with for wording in this sections, and it should stop about right here,

Customer-Focused, Producer Driven, Software & Control Solutions
